

## **District 103 Pledge**

### **To Maintain Open Schools**

Recognizing the serious health burden and significant economic impact that COVID-19 places on my family, friends, and community;

Recognizing the importance of having in-person learning for children and families who choose this option;

Recognizing everyone's behavior including students, parents, family, and staff members impacts the spread of COVID-19 and the ability to keep schools open:

I commit to doing my part to reduce the spread of COVID-19 in the D103 community by:

- Wearing a mask when I am around others;
- Washing my hands frequently;
- Watching my distance to remain 6 ft away from others;
- Following the guidance from the [Centers for Disease Control](#) and the [Illinois Department of Public Health](#) as it relates to sports activities, social gatherings, visiting others' homes and when others visit my home, travel, and all other events when I am around other people;
- Supporting my fellow D103 community.

I understand that failing to adhere to these guidelines could result in an increase in COVID-19 cases in our community, impacting others' health, and closing our schools.

I understand it will take our entire community to help each other remain as healthy as possible so we can keep our schools open for our children.
